ADMISSION.

This Department is open to young men of all denominations. Candidates for admission must produce good evidence that they are members in good and regular standing in some Evangelical Church; that they possess competent talent; and that they have regularly graduated at some College or University, or that in some way they have received an equivalent for the training of a College Course. Applicants for admission to an advanced standing must present a dismissal from some other Theological Seminary, or be prepared for examination on subjects which have been passed by the class which they desire to enter.

In exceptional cases, promising young men who have not had the benefit of a full College Course will be received, and will be allowed to pursue an Eclectic Course.

The practical work of the ministry is joined with study, as the theological students have opportunities of laboring as catechists in the neighboring churches during vacation and term time.

The regular course of study covers three full years.

The Preparatory Department aims to prepare the student thoroughly for the studies of either course of the College Department. For the present, the Elementary English Course is a necessity, as the large majority of students coming to us have not had opportunity to ground themselves in the common English branches. Upon completing the studies of this course, the student is prepared to teach common school.

He is also ready to enter upon either of the two higher courses of the Department. The Principal and two Professors give their entire time to the work of instruction in this Department. They are assisted by students of advanced standing, selected with special reference to their fitness for teaching.

THE INDUSTRIAL DEPARTMENT.

TRUMAN CHAPMAN, *Superintendent.*

Encouraged by substantial aid from the JOHN F. SLATER Fund, and from the BOARD OF MISSIONS FOR FREEDMEN, and benevolent individuals, this new Department was organized at the beginning of the year.

Its object is to train our students in various handicrafts, so that a greater variety of employments may be open to them. Instruction has been given in Carpentry, and the use of tools, and in Mechanical Drawing. The work of Printing has lately been introduced, and this Catalogue is a specimen of the work which has been done.

General Information.

UNIVERSITY BUILDINGS.

The new College Building (see frontispiece), completed at a cost of \$40 000, is 98x67 feet, three stories high, with an annex for chapel 66x45 feet.

It is of brick, and contains twelve recitation rooms, each 34x24 feet, two society halls, and an audience room capable of seating six hundred persons.

The old College Building has been refitted and enlarged, and is devoted to the purposes of the Boarding Department. It is now known as Logan Hall. It will be opened one week previous to the beginning of the Fall Term, and will close one week after commencement.

SCHOOL YEAR.

The *School Year* consists of one session of three terms, commencing on the first Wednesday of October, and closing on the first Wednesday of June. Students wishing to enter should make early application.

The best interests of the institution and of the student require that he report himself for duty promptly at the opening of each session.

TUITION.

There is no charge for tuition.

BOARDING DEPARTMENT.

A *Boarding House*, modeled on the idea of a Christian home, has been established for the accommodation of students from abroad. Board, including furnished rooms, light and fuel, is \$8.00 per calendar month, *payable two months in advance*. Boarders are not received for less than one month, and no deduction can be made for absence, unless ordered by the Faculty.

RHETORICAL EXERCISES.

All the students meet by division on Friday afternoons for exercises in declamation and composition, under supervision of professors.

Two *Literary Societies* are in successful operation: The Mattoon and the Clarosophic.

LIBRARY AND READING ROOM.

A large airy room on the first floor has been set apart as a Library and Reading Room. It will be open daily, and accessible to all. Here will be found a *Library* of about 3,400 volumes, and files of some of the leading newspapers and magazines.

COLLEGE Y. M. C. A.

A College Branch of the Y. M. C. A. is in operation, with a membership of over one 100. It is earnestly desired that all identify themselves with this noble work.

PECUNIARY AID.

Candidates for the ministry, and young men of promise, will receive such aid as their necessities and the resources at command will allow. Friends in Scotland have established a fund of over \$6,000, the interest of which is to be used for preparing young men for the mission work in Africa.

ANNUAL STATEMENT.

Of students whose names are found in this Catalogue, 133 are professing Christians, 64 are studying for the ministry, and 17 are catechists or preachers; 40 have taught primary school during some portion of the year, making an aggregate of more than 89 months teaching. In the schools taught there were 2,453 and in Sabbath Schools under the superintendence of the same teachers, over 1,270. The earnings were over \$ 2,190.

LOCATION, AND DESIGN IN THE ESTABLISHMENT OF THE INSTITUTION.

The University is located at Charlotte, N. C., and receives its name in memory of the late Maj. Henry J. Biddle, of Philadelphia, whose widow, Mrs. Mary D. Biddle, has been one of its first and most liberal supporters. It is chartered by the Legislature of the State, and is under the auspices of the *Presbyterian Board of Missions for Freedmen*.

The object of the institution is the education of colored teachers and preachers.

It stands at the terminus of six railroads, in the midst of a dense and comparatively intelligent colored population, occupying a commanding site of 50 acres in the suburbs of the city.

It is situated in the very heart of the Synod of Atlantic, which embraces the whole South Atlantic States, having 217 colored churches, 93 ministers, 103 young men in preparation for the ministry, with a large number of schools and academies under its care. These schools and churches must be furnished with intelligent Christian teachers, who must be largely educated on the field and in contact with the people among whom they are to labor. Such a training is less expensive than if had elsewhere: it gives the students the best opportunities for a liberal education, and affords him the refining influence of a Christian home, keeping him at the same time in contact and sympathy with the people.

WANTS OF THE INSTITUTION.

1st. In the language of the Secretary of the *Freedmen's Board*. "Permanent Endowment Funds for the adequate support of the Professors, is an *imperative necessity*." \$5,000 has been secured for the President's Chair.

2d. *Scholarships*. The establishment of \$100 Scholarships, to enable needy and promising students in the higher departments to pursue their studies, *continuously*, through the College Year. In addition to this, a few hundred dollars to be placed in the hands of the Faculty, to be used at its discretion, in aiding needy and worthy students, is a great *desideratum*.

3d. Donations of clothing, for distribution among needy students, are

earnestly solicited.

4th. Useful books for the library are much needed. Works of reference, biography, history and science are particularly desired. A *Library Fund* is much needed, that there may be purchases from time to time of new and valuable books. For a "working" library, such a fund in the hand of the Librarians is an *imperative want*.

CONCLUSION.

No Institution under the care of the Presbyterian Church has a wider field or greater opportunities. Its students are gathered from all the South Atlantic States, and are scattered in their school and church work through all this vast region, and as far West as Texas.

The Institution is consecrated to the glory of God and the welfare of a needy race. It stands as the only representative of its kind in the South, of our Presbyterian church; and it certainly is one of the most important agencies in the hands of the church for the accomplishment of good among the seven millions of Freedmen in the South. It commends itself to the prayers and gifts of all good men.

The *importance*, in the eyes of the church, of the interests which Biddle University represents, is forcibly put in the language of a recent circular addressed to the churches on its behalf by the *Board of Missions for Freedmen*.

"What is done," say they, "for Biddle University, will, in a 'a great measure, determine the success of our whole work among the 'Freedmen. It furnishes our only hope of educating native teachers 'and preachers on the field. Indifference to Biddle University is 'indifference to our whole work among the Freedmen. If liberally 'supported, no missionary undertaking will return speedier and more 'abundant fruit. Where are the men and women who will build up this Institution for the glory of God and the good of a needy race?"

In proof of the estimation in which it is held by prominent Southern men, see the following extract from a letter of Hon Z. B. Vance, United States Senator from North Carolina :

“ * * * I am well acquainted with Biddle University, and I think it
“ better circumstanced to do good than any other Institution of the kind in the
“ South. The whole people of the region are fully in accord with its objects.”

From Rev. Drury Lacy, D. D., late President of Davidson College, N. C.:

“ I firmly believe that Biddle University is doing a greater work for Missions,
“ foreign and domestic, than any mission at home or abroad.”

From Dr. E. Nye Hutchison :

“ It is my earnest prayer that some liberal Presbyterian may fully endow
“ Biddle University, and make it not only useful to its generation at home, but
“ a blessing to the world.”

Contributions to any of the objects above named may be sent to the
Treasurer of the Board of Trustees,

Rev. W. F. JOHNSON, D. D., *President*,

CHARLOTTE, N. C.,

Or to Rev. JAMES ALLISON, D. D., Pittsburg, Pa., Treasurer of the
Presbyterian Board of Missions for Freedmen.
